- **Ampère Scholarships of Excellence**
  - All ENS de Lyon Master's programs
  - Amount: 1,000€ per month for one academic year (renewable under conditions)
  - Information: [ampere.scholarship@ens-lyon.fr](mailto:ampere.scholarship@ens-lyon.fr)
  
- **MILYON Scholarship**
  - For Master's programs in [Advanced Mathematics](#) and [Fundamental Computer Science](#)
  - Amount: 1,000€ per month for 10 months
  - Scholarships funded within the framework of the French government's "Investissements d'avenir" program
  
- **QuanTEdu-France Scholarship**
  - The QuanTEdu-France project funds one scholarship per year for students interested in training in quantum science and technology. Concretely, this consists in joining a master's degree in [Physics](#), [Advanced Mathematics](#) or [Fundamental Computer Science](#), and committing to an internship at the ENS de Lyon in quantum sciences and technologies.
  - Amount: 1,000€ per month for 12 months.
  - Scholarship financed by the France 2030 program.
